Unspecified item purchase awards will be based on the lowest net cost to the College. A price list, catalog or shelf price discount is requested for items not specifically listed in this proposal. The discount offered will be applied to the total per order.

The discounts requested will be a fixed discount percentage off(-) current shelf, catalog, and/or published price list(s) for additional items not specifically listed in this proposal and shall remain in effect throughout the term of the contract. Prices on additional items not listed in the proposal will be calculated by applying the successful vendor's appropriate discount percentage off the current shelf, catalog and/or price list.

One (1) current catalog(s) and/or published price list(s) must be submitted with the proposal response for evaluation.

PRICING FOR EVALUATION In order to evaluate the Vendor's proposed discount, it is requested that the "Pricing for Evaluation" form listing a market-basket of common items be completed and submitted with proposal response. These prices shall be the actual cost of the item with the Vendor's proposed discount percentage, and shall include all freight and any other shipping/handling charges, and be FOB destination. The prices listed in this evaluation form must remain firm for 90 days after the proposal award. The prices are not intended to be firm for the term of this contract and may be subject to increase or decrease with proper documentation.

OPERATIONS MANUALS - If required, the successful vendor shall prepare and bind (2) copies of all equipment data sheets, all equipment operation instructional manuals, compressive service manuals with wiring and parts schematics, and assembled into an 8-1/2" x 11" binder. CUSTOMER SUPPORT - Vendor shall provide customer support upon request for ninety (90) days after receipt of equipment.

MATERIAL SAFETY DATA SHEETS (MSDS) - The Federal Government requires that the College obtain current and accurate Material Safety Data Sheets for each product which may contain hazardous substances, create hazardous substances as a by-product, cause harmful physical effects, or otherwise be considered hazardous. The successful vendor must furnish these sheets on all items with the initial delivery of each item to the warehouse and/or campus location.

The Evaluating Department may contact the vendor for clarification of the response. Responsive bids will be evaluated on the factors that have been assigned a point value. The responsible vendor(s) with the highest scores will be selected as finalist(s) based upon the bids submitted. The responsible vendor, whose bid is most advantageous, taking into consideration the evaluation factors, will be recommended for award. Please note, however, that a serious deficiency in the response to any one factor may be grounds for rejection regardless of overall score. This procurement is expected to result in an all or none award.

BID EVALUATION - An Evaluation Committee will perform the evaluation of bids.

BEST VALUE: When a purchase or lease is based on the best available offer and is in the College's best interest. The best value can be based on, but not limited to: installation/ hardware costs; overall life cycle cost of the equipment; the estimated cost/increase of employee training; employee productivity; and software and maintenance costs.

VENDOR QUALIFICATIONS - The Evaluation Committee may make such investigations as necessary to determine the ability of the vendor to adhere to the requirements specified within the RFCSP. The Evaluation Committee will reject the proposal of any vendor who is deemed not to be a responsible vendor or fails to submit a responsive offer as defined.

SELECTION OF FINALISTS - The Evaluation Committee will select finalists. Only finalists will be invited to participate in the subsequent steps of the procurement. The schedule for the oral presentations will be determined at this time (if deemed necessary).

CLARIFICATION FROM FINALISTS - Finalists may be asked to submit written clarification to their proposal responses (if deemed necessary by the Evaluation Committee).

SERVING SUBCONTRACTORS - The College recognizes the fact that the potential vendors have different business models for the delivery of support services. Whereas one potential vendor may provide support services through a wholly owned subsidiary, another may provide support services through a local business partner, certified education partner or qualified organization herein referred to as a servicing subcontractor.
