COURSE DESCRIPTION
This is a three (3) credit hour class. This class is structured to provide students with the knowledge and skill in officiating volleyball and basketball. This class does not certify a student as a state official, but prepares each student for the state exam. Opportunities for practicing officiating duties will be provided during class time and the intramural period. There is also the possibility of students officiating volleyball/basketball activities other than those on the CBC campus. Students will learn the rules involved for volleyball and basketball and the mechanics of officiating both sports. Students will also have to observe games (both volleyball & basketball) and write a critique on the observation.

Each student will start with 120 points in attendance and participation. For each class activity not completed, points will be deducted (not to exceed 10 points). For each absence 10 points will be deducted. A student will be considered tardy when he/she misses roll call. Three (3) tardy notations in the attendance log will count as one (1) absence. If a student misses three (3) days in succession, it will be considered excessive, and an excessive absence form will be submitted to the registrar’s office.
