

## **IMPORTANT 2019-2020 FINANCIAL AID DISBURSEMENT INFORMATION**

All financial aid awards posted under Student Self-Service within Cougar Den are estimated awards. Most federal and state financial aid payments made to students are based upon cumulative satisfactory academic progress and enrollment status. Students who are on suspension due to not meeting Satisfactory Academic Progress (SAP) will not receive a disbursement unless they have an approved appeal.

All disbursement dates are estimated; the Business Office cannot guarantee the date you will receive your funds. We recommend you have an alternate plan if there is a delay in your funding.

Students should expect to receive financial aid refunds approximately 2-3 weeks after their financial aid award has been dispersed.
