TRIO

T A L E N T S E A R C H

The Talent Search Beeville staff was overwhelmed with joy as we finished off our first semester of the 2018-2019 academic year on a good note. Now it's time to spring forward and continue with your educational journey which includes active participation in the Talent Search program. Talent Search staff usually advises at target high schools on a weekly basis so if you see your advisor on campus do not hesitate to say hello and ask them how they can help you meet your academic goals. We have exciting things planned for the summer and we hope you enjoy what we have in store for the rest of the year!
